WAKEFIELD EQUIPMENT specializes in the fenestration industry searching out the best possible products in the market. We understand that no single equipment manufacturer is the best at everything, and that's why a careful selection process is necessary. Each piece of equipment in our line is qualified using two major criteria – price and performance. In addition, we make sure that they are built with unparalleled quality. When you're looking for the best, turn to the experts. We are here to help you!

We thank you for your interest in **WAKEFIELD EQUIPMENT** and hope that you will find this quick reference product guide useful. Our newest products and additional information can also be found on our website www.WakefieldEquipment.com. The site's user-friendly interface offers the ability for visitors to view CAD drawings for variations of custom built products, watch demonstration videos, and download our latest product catalog. If you don't see a particular product you need, give us a call, and we'll be glad to help you turn that concept in to reality.
